Notes

Once lived in Washington Co., Maryland, migrated to Fayette County, Pa in 1780 and to Ohio in 1797.
The above is found in a letter written by William Robey about the ancestors.

Also a note "Back of the old Barn". Wonder if that was where he was buried???

Yes, William Robey says "they and Sarah were berried back of the old barn."

(Sarah being their daughter probably) Randal Campbell says that they are buried near the stone house as are his son, Phillip, and wife. The graveyard is near Portsmouth, and the stone house is open to the public for tours by contacting the owner. At this time you can check the Scioto Co. website to find the name of the owner.

I have entered this Phillip into the FTM as a possible great grandfather for our Phillip Moore who married Sarah McCall in Delaware Co., IN. Need a little more information before joining the two families. But this seems to be the "right names" in the "right places" and about the "right times". Yes, we now do have the evidence that our Phillip is descended from this family.

.....

The items below give information which MIGHT or MIGHT NOT belong to this family. Gives gives other places to look for a connection to generations further back.

A query on Genforum tells of some Moore settlers who were entitled to reserved land of Fort Cumberland in Washington County, MD, and were on the 1788 "Deakins' Survey".....Alexander, Daniel, and William Moore had lots there. Also there was a Daniel Moore who had a lot and was from New Jersey. He married Deborah Poling, daughter of Martin Poling. The Polings that had lots there were Margaret, Samuel, Martin Sr. and Martin Jr., Richard and Peter. These might be relatives, and could give us a clue that New Jersey might be the place to look for past generations. It appears that our Moores were already emigrated from MD and PA and in Ohio by this time. Maybe these were Phillip's brother's families.

Another place says that the Moore settler landed in Phily on September 11, 1738 on the Ship "Robert and Alice". If it was this Phillip (as far back as I presently have) he would have come probably with parents or relatives as he would have been just 12 years old. Hardly old enough to come on his own to make a home.

Also see Thomas Moore and his son John, who had a Phillip, born about 1727.

Notes

An article about "The Phillip Moore House" found under Scioto County, Ohio, Biographies.....www.scioto.org

"Phillip Moore, Jr. is remembered in Scioto County as a friend to the early Methodists who evangelized the region. He offered them a warm, comfortable place to eat, sleep and preach. His 2-story home in West Portsmouth still stands as a testimony to his generosity. The historic home, open to tours by appointment, turns 200 years old this year. Passersby can see it from the outside of Hill Road in West Portsmouth, but to get inside, they have to call its owner, Dr. Louis Chaboudy of Portsmouth. Historians say the home is undoubtedly where the first church services of Methodism were held in Scioto County.

Other excerpts say Moore moved there in 1797

It was called the settlement of Alexandria at the time

Phillip Moore came from Allentown, PA

Moore traveled by river on a flat boat from PA to the remote settlement at the confluence of the Scioto and Ohio rivers 6 years before Portsmouth was founded.

Moore was a Revolutionary War veteran

Born at Allentown, PA in 1761

At 36 he began building his stone house

His wife was Jemima, and his children

Levi, Phillip, John and Elinor

Another article is entitled "Phillip Moore, Jr. Stone House"

The house is on the National Register of Historic Places; put there in 1975

The place was early called Alexandria. The original deed describes the property where the house stands as being an outlot of Alexandria. Due to frequent and destructive floods, inhabitants were forced to move to higher ground and established the city of Portsmouth about 1803.

.....

Note above the difference in the birth date from 1753 to 1761. Don't which would be correct. From all other information it seems that it would have to be the 1761 date to be the son of Phillip, Sr.

Also note that he was said to be born in Allentown.

His father was reported to have come from MD, to Fayette Co., PA, and then on to Ohio. Fayette Co. and Allentown are not close so don't know if there was an error or if they moved about in PA before coming to Ohio.

We do not know who gathered the original information about the stone house and how correct they might be in the background of the Moore family.

Son Levi was said to have been born in Fayette Co., PA in 1793.

.....

Tax records of 1807 show Phillip Moore on the list and on page 4.

Very possible that other members of the family came to Ohio. Possible Phillip's brothers??

Or even Phillip Sr's brothers??
.....

Interesting note in the bio of John C. Robey that talks about the wife of Phillip Moore. Will copy as it is:

"William Robey was born in Maryland, November 15, 1777, and when a child his parents removed to Kentucky. His father, with several of his neighbors was murdered by the Indians while locating a homestead near Louisville. His mother afterward married PHILLIP MOORE, and about 1781 or 1782 settled near Harrisburg and in 1797 came to Ohio."

If I read this correctly, the wife of Phillip Moore had previously been married to a Robey, who died in Kentucky at the hands of the Indians while trying to find a place to settle. Apparently they had a son by the name of William Robey. The name given to the wife of Phillip is Jemima Lewis, which may have been her maiden name. Thus it made Phillip Moore a step-father to William Robey and he would have been about 5 when his mother married Phillip.

William married Mary Collins and they had 11 children, Levi, Jemima, William H., Cynthia, John C., William W., Mary, Thomas I. Elizabeth, Francis A. and Mary J. 3 died in Ohio, Jemima, Wm. H., and Mary. Thomas and Mary J. died in Texas. William, the father died in 1875 at nearly 98.

I added this information because of the name of Robey. It is interesting that Cynthia Moore who married William Hollopeter named her first son, Milton Robey Hollopeter. Both the Milton and the Robey from her Moore side of the family. Indicates to me that this portion of the Robey family must have been close to the Moore's even down to the Indiana group. Perhaps some of them migrated together from Ohio to Indiana
.....

Randall Campbell, says that after his marriage with Jemima the family traveled to Fayette Co., PA, and lived there for 15 years. We should be able to find him on the 1790 census then.

From a letter from step-son William Robey, Jr. written in 1870:

"Your great grandfather Fillip Moore once lived in Washington County Maryland from which migrated to Fayette County, Pencilvania in 1780 and from thence to Ohio. She (his wifes) name was Nelly Evens. Names of son viz - Joseph, Phillip, Even John, Dannel, Amos.....daughters, Sarah, Elizabeth, Rachel, Nelly, Casumare."

"Your grandfather Phillip and Uncle John went to look at the country in 1796 & moved their families to the mouth of big Scioto, April 1797."
.....

1830 Census of Scioto County, Ohio the wife of Phillip after his death.

Mitty Moore

1 male 5 to 10.....born 1820 to 1825 this is probably Phillip's son
2 males 15 to 20.....born 1810 to 1815
1 female 10 to 15.....born 1815 to 1820
1 female 40 to 50.....born 1780 to 1790 Mitty

Since Mitty had 6 children that she had with a former husband, it would appear that perhaps these are her children. The others that were Phillips are probably gone from home by this time. Phillip had been dead for 7

years.

.....
Randall Campbell says that both father Phillip and son Phillip and their wives are buried near the stone house. Apparently their gravestones are there and can be seen. That would be Portsmouth, Ohio, down along the river.

R. C. also says that both Phillip Sr. and Phillip Jr. fought in the American Revolution along with Amos and some of the other brothers.
.....

From the bio of Levi Robey.....

William Robey (grandfather of Levi) was murdered by the Indians. He had been married but his wife did not accompany him to Kentucky. She afterwards married to PHILLIP MOORE of Maryland.

After peace had been declared between England and the Colonies, the Moore family removed to the Northwestern Territory, and located in that portion now included in the state of Ohio. The journey over the mountains was made with pack-horses.

Here it says that Mr. Moore also cleared a farm and there spent the last years of his life. Grandmother Moore survived her husband several years and also died in what is now JoDaviess County, Illinois. This is in complete contrast to what we already have in that we have that Jemima died in 1821, before Phillip and he married Submit and had another son after that time very close to the death of Jemima and then Phillip died in 1823. Also very possible that Submit was the grandmother that Levi knew best as Grandma Jemima had died. Perhaps he called both "Grandmother". And she would have been Grandmother Moore as her last husband was apparently Phillip Moore, step-father to William Robey, father of Levi.

.....
From Land Contract.....Levi Moore to William Robey, 1833 (I found this on the website of Randall Campbell descendant of Wm Robey, half-brother of John Moore (hopefully father of our Phillip Moore)

September 27, 1832

Between Levi Moore and Amanda, his wife, of Scioto Co., Ohio
and William Robey of Scioto Co., Ohio
who paid \$25

One fifth undivided share of all that land or parcel of land, being in number of entry 3946

Original proprietor.....John Beasley

Set off to Mitty Moore (widow of Phillip Moore, deceased) as dower of the lands whereof Phillip Moore seized & which said land tract has been conveyed by the said Mitty Moore on the 19th day of July A.D. 1829 unto the said William Robey as her full right of Dower to the same. And this conveyance being made by the said Levi allows as one of the heirs of Phillip Moore deceased being the one fifth part of the said tract allotted for the said owner containing 23 1/2 acres as will more fully appear.....Beginning at a map (a corner to Lot number 121 two allotted to Levi Moore as heir to Phillip Moore, deceased) (more description given).....containing 23 1/2 acres of land together with all improvements, water courses, appurtenances, whatsoever to the said premises belonging.....Anyway, it appears that this was Levi's share of the land he got when his father died, and apparently the rest of the children may have received a fifth also as that is the number of children we have for Phillip Moore.

Levi Moore and William Robey (who was Wm. Jr.) were step-brothers by the same mother. Mitty was Submit, the second wife of Phillip Moore and was not the mother of either of the above sons. She had a son with Phillip Moore, but we do not have his name or if he grew to adulthood. More here than meets the eye, no doubt.

Probably the 5 parts were to Phillip Jr., Levi, John, Elinor, and the new little son of Mitty by Phillip Sr. William Robey would have been just the step-son of Phillip, Sr.

Headstones of Pioneer Family Located
Near Old Stone House

By Anna Linck
Times Staff Writer

Philip Moore and his wife Jemima, pioneer residents of the settlement of Alexandria on the West Side, lie in death within a stone's throw of the stone house Philip built more than 185 years ago. Headstones found last week in Larkin Cemetery, located on a hillside west of the Stone House on Hill Road, confirm the burial sites.

Dr. and Mrs. Louis R. Chaboudy, owners and restorers of the massive two-story residence, knew the Moores were buried in the cemetery, but they were unaware of any markers indicating the graves until Marvin Mullins of West Portsmouth notified them.

Mullins and his wife, who live across Hill Road from the old Moore residence, said they came upon the Moore monuments while walking through the cemetery recently.

"The markings on the stones are quite legible and denote that Philip Moore died on Sept. 4, 1823, following the death of his wife in 1821," Dr. Chaboudy said. Moore's stone was lying face up on the ground, but his wife's marker is still standing, embedded in the earth, he added.

Larkin Cemetery is maintained and operated by the Washington Township trustees, who see that the graveyard is mowed several times in the summer, according to Roger Davis, West Portsmouth funeral director.

Although they sell no burial plots now, Davis said, the trustees approve burials for families who have relatives buried there, and have the graves dug.

The Chaboudys visited the cemetery and examined the Moore makers this week with Mr. and Mrs. Chester Moore of Moore's Lane. Chester Moore is a fourth generation descendant of Amos Moore, brother of Philip Moore.

Burials of Civil War veterans, some with homemade markers, and a new grave, keep the Moores company in death in the cemetery overlooking the site of Alexandria, the West Side settlement which was thriving long before Portsmouth was platted.

Word of the location of the Moore gravestones was received by the Chaboudys last weekend as more than 30 tour directors from southeast Ohio, attended a AAA travel show at Shawnee State Lodge, completed a guided tour through the Moore Stone House.

The house is linked to the birth of the Methodist church in Scioto County, with early records indicating that Moore entertained early Methodist circuit riders in his home and that meetings were held there to plan a Methodist society and places of worship here.

Notes

In William's 1870 letter to his nephew William.....believe this would have to be the son of Levi, but not sure.....he says this about his own family:

"Your pa was 5 years old at that time (1797) and I in my 20th year in which I remain a citizen for 37 years. I left Ohio in 1834 and in Illinois in April 1847.

My daughter, Mary Jane died September 1st of the same year in her 17th year
Thomas died the following month the 2nd of billious fever in the 27th of his age.
Asberry and Elizabeth narrowly escaped the same complaint.
They all live on farms are are tillers of the soil.

I had a letter from my Levi dated last month which stated that his Cynthia and W.W.'s families were all well except Almira who had been sorely afflicted with carbuncle on left shoulder near the spine, but was doing well. "

Letter from William Robey, Jr. to his nephew, William Moore of Scioto County, Ohio. It was sent to me via E-mail by a Moore descendant, Jennifer Urick, who owns the original.

.....
William Robey and his family moved to Travic County, Texas in 1847 from Illinois.
This is apparently where two of his children died of billious fever as young adults.

.....
Biography of William Robey, Jr. from the Scioto County biographies:

William Robey, Jr, the father of Levi, was but 4 years old when his parents moved to the northwestern territory, and in common with the others was conveyed on a pack-horse across the Allegheny Mountains. As soon as old enough, he engaged in boating on the Scioto and Ohio Rivers, and upon reaching manhood became the owner of several boats, by which means he transported produce from Portsmouth to other points. During one of his expeditions he purchased a pony, and riding across the country, visited his old friend, Daniel Boone, in Kentucky. He remained a resident of Scioto County, Ohio, until 1834 and then disposing of his interests in that region, he started in the month of June for the praries of Illinois, whither his family had preceded him a few weeks. They joined him near Hennepin, where they spent the summer, and in the fall came to that part of Jo Daviess County which is now included in Stephenson. They first stopped at Brewster Ferry, which now lies in Winslow township, and renting the Brewster farm carried on agriculture and operated the ferry across the Pecatonica River until 1836. Afterward, Mr. Robey made a claim in Buckeye township on the present site of the village of Cedarville. He secured his title as soon as the land came into market and lived there several years. Then crossing the Mississippi went down into Texas and located 12 or 14 miles north of Austin and not far from Round Rock. There he improved the farm which he occupied until his death in about 1877, after he reach an advanced age of 98 years. His wife, the mother of Levi, was Mary, the daughter of Judge John Collins, one of the earliest pioneers of Scioto Co., Ohio. She also died in Texas. The parental family included 12 children.....8 of them grew to mature years.

.....
From a letter to his son John Collins Robey, written in 1857:

William and Mary would be more satisfied if the children were close to them again.
And it's too bad that some of the children cannot be close when the parents are old and infirm.
They are getting quite feeble
He was not 79 years, 2 months and 5 days (he didn't die until 1875)
Mother is 66 years and 4 days
Unwell this winter with colds and coughs
Asbury's health not good either, but he is doing the plowing
"Anne was put to bed on the 14th of this instent and has a fine daughter"
(Neat way of putting the birth of a new child)
The child has very black hair from the Robey family
They named her Cynthia Ann (from our Cynthia and Anne her mother)
It was a poor winter for killing hogs, the "Mast" wasn't good. (what they ate from the forest floor)
He saw John's 2 wild barrows a while before the plums was ripe.
Apparently they ran away and had been seen by several people, but never brought home.

He hadn't seen Emmy and Bow?? for some time but didn't think she would die of poverty.
Apparently last seen she was quite fat.....Now is that a person or a hog??
He got a letter from Asbury Waddell saying they were well, but
His brother Levi, died last somar with the tifoid fever and hemerage of bowels
Also one of his sisters and husband moved to Missouri
And another brother-in-law went to new territory to attend land sales at Leavenworth
Asbury Waddell had to pay a security debt of his nabors over 10,000 dollars and that he had a job of making 65 miles of Railroad at 6,000 dollars and though he would make 2,000 dollars clear.
Your mother and I think about coming DOWN in the spring.

.....

From Land Contract.....Levi Moore to William Robey, 1833 (I found this on the website of Randall Campbell descendant of Wm Robey, half-brother of John Moore (hopefully father of our Phillip Moore)

September 27, 1832

Between Levi Moore and Amanda, his wife, of Scioto Co., Ohio
and William Robey of Scioto Co., Ohio
who paid \$25

One fifth undivided share of all that land or parcel of land, being in number of entry 3946

Original proprietor.....John Beasley

Set off to Mitty Moore (widow of Phillip Moore, deceased) as dower of the lands whereof Phillip Moore seized & which said land tract has been conveyed by the said Mitty Moore on the 19th day of July A.D. 1829 unto the said William Robey as her full right of Dower to the same. And this conveyance being made by the said Levi allows as one of the heirs of Phillip Moore deceased being the one fifth part of the said tract allotted for the said owner containing 23 1/2 acres as will more fully appear.....Beginning at a map (a corner to Lot number 121 two allotted to Levi Moore as heir to Phillip Moore, deceased) (more description given).....containing 23 1/2 acres of land together with all improvements, water courses, appurtenances, whatsoever to the said premises belonging.....Anyway, it appears that this was Levi's share of the land he got when his father died, and apparently the rest of the children may have received a fifth also as that is the number of children we have for Phillip Moore.

Levi Moore and William Robey (who was Wm. Jr.) were step-brothers by the same mother.
Mitty was Submit, the second wife of Phillip Moore and was not the mother of either of the above sons.
She had a son with Phillip Moore, but we do not have his name or if he grew to adulthood.
More here than meets the eye, no doubt.

Probably the 5 parts were to Phillip Jr., Levi, John, Elinor, and the new little son of Mitty by Phillip Sr.
William Robey would have been just the step-son of Phillip, Sr.

.....

Noted from the Bible records that 8 out of 12 of William and Mary's children were born in Van Meters farm, 8 miles above (and it stops there) Other places mentioned for the birth of the children was like this:

Alexandria, Scioto Co., Ohio

old town 4 miles above Alexandria, Ohio

at the stone a mile from Alexandria, Portsmouth, Ohio

Van Meters farm 8 miles above _____

So apparently all the children were born in about the same area in Scioto County, Ohio

Notes

It appears that this is the John Moore who was one of the Moore settlers in Muncie, Delaware Co., IN before 1840. The other is a Lewis Moore who was reported to have settled in 1829. If the birthdates and places of the children of John are correct, he must have come to Indiana after about 1832 when Enos was born in Scioto Co. We cannot always be sure of these genealogies and birth places. More info needed. (Later sources say Enos was born in Indiana, not Ohio)

This is the father of our Phillip Moore who married Sarah McCall in 1837. His birthdate is about 1815- 1820 so would have been about 17-22 at the time. There is also another Phillip Moore marriage in 1933. Perhaps this is a cousin. One thing of interest is that there is a Milton Moore and our Cynthia Moore Hollopeter named a son Milton Robey Hollopeter in Allen Co., IN.

.....

1820 Census of Washington Twp., Scioto Twp., Ohio

This John, son of Phillip. could have been born 1782 and up so is possible the first John here is the correct one. He had 2 females who would have been under 10. But also had a Wm. J. born 1818 so should have been listed unless he died early. Will need more information to sort these out. William J. did not die early as he was found also in Delaware Co., IN.

John Moore

1 male 16 to 26.....born 1794 to 1804 too young to be married in 1806
 2 females under 10.....born 1810 to 1820
 1 female 16 to 26.....born 1794 to 1804

John Moore

1 male under 10.....born 1810 to 1820
 1 male 10 to 16.....born 1804 to 1810
 1 male over 45.....born before 1775 Poss. too old for our John Moore
 1 female 10 to 16.....born 1804 to 1810
 1 female 16 to 26.....born 1794 to 1804 Poss. too young for Nancy

John Moore

3 males under 10.....born 1810 to 1820
 1 male 16 to 18.....born 1802 to 1804
 1 male 16 to 26.....born 1794 to 1804
 1 male 26 to 45.....born 1775 to 1794.....the right age group, but children do not match
 1 female under 10.....born 1810 to 1820
 1 female 10 to 16.....born 1804 to 1810
 1 female 16 to 26.....born 1794 to 1804
 1 female 26 to 45,,,,,,,,,,,,,born 1775 to 1794.....the right age group

Too many children here and some are too old unless it is a blending of more than one family.
 Just seems like a slightly older family. Possibly an uncle John??

Need to try to sort the above and get them under the correct Johns. Until then they will stay here

.....

1830 Census of Washington Township, Scioto Co., Ohio (May or may not be this John)

John Moore

2 males under 5.....1825-1830.....Charles, Joseph
 1 male 5 to 10.....1820-1825.....John, Levi
 2 males 10 to 15.....1815-1820....., Phillip
 1 male 15 to 20.....1810-1815..... William
 1 male 40 to 50.....1780-1790.....father John
 1 female 5 to 10.....1820-1825.....Jemima

1 female 40 to 50.....1780-1790.....Nancy

Boys are close in the groups. Catherine/Cynthia was married by this time and had a home of her own.

.....

There is a John Moore on the 1840 Census of Delaware Co., IN which may be this John, or his son John. Need to go there to see what is reported. The page or # is 304. Or of the Lewis Moore family.

.....

John's death was reported in a letter of William Robey, Jr. to his nephew, William Moore. It is written:
John - died near Muncie, Ind., May 10th, 1840. See Notes below on cemetery inscriptions and dates as there is probably a mistake here in the death date.

.....

LDS Ancestral File gives him a birthdate of 1798, but if we have the correct marriage then that is not possible. First child born about 1812, 1798 would make him just 14 when that child was born. Probably 1798 is not correct. He was probably born in Fayette Co., PA, as they moved to Ohio about 1797. If Phillip and Jemima were married

in 1782 it could be most any time after that. The children in the 1880 census give the birthplace of their father, John Moore, as Ohio. (they were probably mistaken as he had to be born before the 1797 date in which they came to Ohio)

.....

.....
From the History of Delaware County, IN of Center Township we find these things about John Moore.

Section 13: The public domain in section 13 was in the market nearly 10 years as the first entry was dated Dec. 7, 1826, made by George Truitt. This was the west half of the northwest quarter, 80 acres.

And the last entry was the southwest quarter (160 acres) made by LEWIS MOORE, August 14, 1839. Between these entries, purchases were made by JOHN MOORE in 1831, LEWIS MOORE and JOHN MOORE in 1833 etc.....At the time of the writing of this history some of this land was still owned by an M. MOORE and a PARKER MOORE. The White River crosses the southwest corner of the section as does the Muncie and Burlington free pike. The Smithfield free pike forms the south line and the Big Four Railroad crosses the north end of the section.

Section 24: On the east side of the township and joins Liberty Township

"After the entry of Mr. Johnson King in 1830, the next was that of JOHN MOORE, in February 1831 (says 21, but has to be an error), then that of LLOYD WILCOXON in November 1831.

This shows that John Moore had land and perhaps lived next to Lloyd Wilcoxon, and that was probably how Jemima Moore and James Wilcoxon met and fell in love and married. They were neighbors.

.....

Find John also buying land in Liberty Township, Delaware Co., IN

Section 19: "Section 19, Liberty Township, lying east of and adjoining Center Township was entered in the years 1831-32 and 33. JOHN MOORE was the first pioneer land owner of this section, he entering the northwest quarter (fractional) 147 5/100 acres, and the west half of the northeast quarter, 80 acres on February 2, 1831. Mt. Tabor Cemetery is on the south line of this section near the southeast corner."

.....

To summarize John's purchases in Delaware Co:

Center Township, Section 13, purchases in 1831 and 1833. No amount listed

Center Township, Section 24, purchase in 1831, no amount listed

Liberty Township, Section 19, NW quarter and west half of NE quarter 147 + 80 acres, 2-2-1831

.....

We find buried in the Parker-Moore Cemetery, Center Township, Delaware Co., IN this:

John Moore, died September 25, 1839 at the age of 66 years, 6 months, 10 days which would make his birthdate March 15, 1773. Cannot be sure that this is our John, but the death date is close to what was reported by a relative. Also in the same cemetery we have Nancy, wife of John, who died November 28, 1838 at the age of 49 years 9 months 23 days and called wife of John. This would make her birthdate of February 5, 1789. They were married July of 1806 so she would have been 17 years old. He would have been over 30 years. This appears to be a matching couple but since all this is listed in alphabetical order we would need to see the tombstones ourselves to

determine if this was husband and wife. If so, it is quite surely John and Nancy who came to pioneer in Indiana. No other John listed who died that early. (As it is possible a mistake was made in reading the age of John, at death, we need to verify what the tombstone actually says. The 1773 birthdate would preceed the marriage of his father and Jemima Lewis. Marriage date of 1782.....perhaps the 66 should be read 56, making a birthdate of 1783, which seems more to fit with the rest of the family that we know about.)

Probably we find that hooking this John to Nancy was incorrect. There is another John who died March 10, 1850 at the age of 55 who is most likely our John. The 1850 date would be 10 years off but the date of Mar 10 could easily be May 10 as March and May are easily mistaken for one another. Will have to look at the tombstones, but in the 2nd list that I received from Parker-Moore Cemetery, it is this John who was said to be the husband of Nancy and the first John, was the wife of Sarah, and may well then be "Uncle John" and his wife who also came to Delaware County, IN. So at this time am changing the birth year to 1783 and the death date back to May 10, 1840.

.....
From the bio of son, Charles W. Moore:

John and Nancy Moore, sold their farm in the Scioto Bottoms, near that city, in the 1830's, and thence moved to Muncietown, in Delaware County, Ind, now the city of Muncie. They entered the lands now owned and occupied by Charles W. Legg, in Center Township, three miles east of Muncie and settled thereon in the early part of 1831. They were members of the Methodist Episcopal Church, and were pioneers in the true sense of that word. They felled the forest, built the schoolhouse and the church, and soon had a home where thrift and economy, plenty and friendship reigned. They had a family of 10 children, all of whom reached manhood and womanhood, namely:

William J., Philip, Levi, John S., Charles W., Joseph, Milton, Enos, Cynthia (Catherine) and Jemima. Cynthia was the wife of Jacob Calvert, both now deceased, and Jemima was the wife of the late James E. Wilcoxon, now deceased. John S. and Milton, both died unmarried. The parents did not live long to enjoy the fruits of their labors. In the autumn of 1838, the mother was transferred from the church below to the church above, and the father in the spring of 1840, was not, for God took him to live with the loved ones gone before.

.....
From the History of Delaware County, Liberty Township, by Helms:

"In November 1830, John Moore came from Portsmouth, Ohio, and entered the body of land lying partially in Center and partially in Liberty. To this he added another tract, by purchase, making his possessions several hundred acres. His journey from Ohio was accomplished by the usual method of travel in those days, that is, in wagons, containing the family and household goods. The children who accompanied him were Cynthia (Catherine), William J., PHILIP, Levi, Jemima, J. Spencer, Charles Wesley, Joseph and Milton. His son Enos was born February 15, 1831. His uncle, John Moore, had preceded him, having located here in 1829"

"Settlers by Sections. Sec. 19, John Moore, February 2, 1831"

"Schools: Much progress had been made in other directions before even a partial system of public education was adopted in this township. As late as the year 1831, the township was still without schools and in that year William J. Moore was sent by his father to Wayne County, IN, where his uncle resided. The object of his visit being to attend one of the schools of that county. Upon his arrival, he found the school closed, and was compelled to trudge home through the mud 'no wiser than he went'. How far this circumstance was instrumental in the inauguration of public schools, we do not know, but it is certain that the first school was founded by his father, John Moore, within a short time after the return of his son. A short time previously, he had purchased of William Downing, an 80 acre tract of land adjoining his own, upon which there was a rude log cabin. The latter he removed to the south end of the tract, and converted it into a schoolhouse, and a subscription was made up by parents whose children attended the school. Samuel Collier, of Muncie, was the first teacher, and remained 2 months."

Notes

This is the father of our Cynthia Ann Moore who married William C. Hollopeter. The birthplace of her parents has been confused by varying reports. Finally found the connection in the 1850 census.

Checking on the 1880 census when Cynthia is the wife of William Hollopeter and living in Cedar Creek Township, Allen Co., IN, we find this: Cynthia says her parents were born in Ohio, and not Indiana as they were listed on her death certificate. The census would be a first-hand account, where possible one of her children said they were born in IN and was in error. Also to add to this possible Ohio birth is the fact that the Moores did not come to Delaware County, IN, until 1829-30 so Cynthia's father, Phillip, would have to have been born elsewhere. Phillip, son of John, appears to have been born in Scioto County, Ohio, about 1820. The McCall family was also from that area and to be married by 1837, Sarah McCall, would have to have been born several years before the 1830 date of the first settlers to Delaware Co., IN. So I conclude by this that the death certificate of Cynthia is in error about the birthplace of her parents.

.....
Following information is from Ralph Diehl from probate papers he received. Thanks Ralph!

Phillip, son of John is named several times in the estate papers of his father, John Moore who died in 1840.

1. He purchased items from the different sales of John's inventory
2. Youngest brother, Enos, was reported as living with Phillip Moore in 1845
3. Brother, Joseph, was also living with Phillip and going to school in 1845
4. Enos was still living with Phillip in 1849.

Bill of Sale of John Moore Estate, June 17, 1841

- a. Not only did Wm J. Moore bid on items at this sale, so did his brothers, Phillip Moore and Levi Moore, signifying they were still in the area and had money to purchase goods.
- b. Items purchased by Phillip Moore were:
 - 25 bushels of oats
 - 1 trowel
 - 20 bushels of wheat
- c. Wm. R. Moore also bid at this sale. Who is he???

Bill of Sale of John Moore Estate, May 8, 1843

- a. Among these bidders in this largest sale list are Lewis Moore and David Moore
 - b. Items Phillip Moore purchased at this sale are:

Delaware Co. Marriages of Phillip Moore:

Phillip Moore and Sarah McCall, July 6, 1837 by William Williams.

Phillip Moore and Julia Wilson, September 12, 1833

This would be too early if indeed Phillip was born in 1820

Phillip Moore and Mary J. Lewellen, August 13, 1870

Too late for a first marriage, could it be a second??

In looking for Phillip Moore and Sarah McCall and their deaths and burial places we have most of the cemeteries in Delaware Co., IN, but cannot find them. There are 3 left that are in Muncie and are not included in the group that have been inscribed and on the internet but we find one little interesting note.

It says:

Solomer Moore, died September 27, 1852, son of P. and S.

Burial is in the Parker Moore Cemetery, Center Township, Delaware Co., IN

Is it possible that this might be a son of Phillip and Susan??

They are not buried there, but could be in the 3 cemeteries that we don't have as yet.

They were married in 1837. Cynthia Ann who married Wm Hollopeter, was born in 1839

Solomer might be Solomon also. Assume he died young. The marriage of Phillip and Sarah was found in the Delaware County, IN, marriage records in the Fort Wayne Library. Also in the same record we find other Moores. They may or may not be relation but will list them until I can find out.

Phillip Moore and Sarah McCall, July 8, 1837, by William Williams.....page 161

Philip Moore and Julia Wilson, September 20, 1833.....wonder if this was the same Philip??

Levi Moore and Louisa Nelson, married October 4, 1838 by James Hodges (poss. Wilson)

William R. Moore and Eliza Neal, married October 4, 1838 by William J. Mare

Joannah G. Moore and William Craig, married March 14, 1839 by James Hodges

Rhoda Moore and Joshua Turnet, married September 9, 1831 (prob. Joshua Turner)

Have been unable to trace any further back but in the "Pioneer Ancestors of Members of the Soc. of Indiana Pioneers" compiled by Ruth Dorrel, 1993, we find the name of

LEWIS MOORE, who was born in Ohio, settled in Delaware Co., Indiana in 1829.

JOHN MOORE, son of Phillip and Jemima was to have moved to Delaware Co., IN in 1830

Had a son Phillip. He died in 1840 in Muncie, IN.

More about Phillip Moore (may or may not our Phillip) found by Ralph Diehl.

There was a Phillip Moore born 1846 (too late for our Phillip) but he had a dau. named Cynthia so poss. a close relative who named their dau. after "Aunt Cynthia"???? This Cynthia Moore married Jacob Calvert.....my notes on this. Cynthia Moore (or Catherine Ann Moore) who married Jacob Calvert was born in 1812 and appears to be a daughter of John Moore who moved to Delaware Co., IN. In other words, if he is the father of our Phillip, then this Cynthia/Catherine would be his sister.

(His father was John Moore) (this statement was Ralph's) not Phillip. (Not sure if this is correct now or there was another John Moore, because our John Moore from Scioto Co., Ohio, died in 1840. Since our Phillip Moore and Sarah McCall were married in 1837 then this Phillip, born 1846, could be his son. So far we do not know much about Lewis and his family and perhaps he had sons also by the name of Phillip and John. Makes it confusing. Need to persue more census reports.

1881 History of Delaware County, IN, found.....a Phillip Moore who is listed among the settlers in Center Township, Delaware County, arriving around 1829. Center township contains the town of Muncie. This could well be Phillip Moore, son of Joseph, who married Apaina Gunn. Apaina was listed as head of household in 1840 census of Delaware Co., IN, meaning this Phillip must also have been dead by 1840. See 1840 census below. (Yes, he died in 1835)

Also, 1924 History of Delaware County notes that "Phillip Moore bought 8 acres of wood for \$80" in 1849. This occurred in "Township 20, Range 10 (Center)."

Listed in the 1840 Census for Delaware Co., IN we find these Moores:

Andrew Moore #296
Apaina Moore #286
David Moore #265
David Moore #310
John Moore #304
Lewis Moore #263
Samuel Moore #286
William Moore #262
William Moore #286
Samuel Moore #294 More info needed on these.
.....

The name above of Apaina Moore could indicate that she was the wife of Phillip Moore, son of Joseph, son of Phillip Sr. from Scioto Co., Ohio. Phillip and Apana Gunn were married in 1816. Perhaps this Phillip also moved to Delaware Co., IN. "Apaina" is an usual name. Need to check more census.
.....

Yes, Yes!!!!!!!!!!!!.....found the connection in the 1850 census

1850 census of Niles Township, Delaware County, IN

Philip Moore.....	35 M.....	Farmer.....	5,000.....	born Ohio.....	1815
Sarah Moore.....	33 F.....			born Ohio.....	1818
Cynthia A. Moore.....	12 F.....			born IN.....	1838
Mary Moore.....	9 F.....			born IN.....	1841
Solomon R. Moore.....	7 M.....			born IN.....	1843
Caroline Moore.....	5 F.....			born IN.....	1845
Sarah Moore.....	2 F.....			born IN.....	1848
Enos Moore.....	17 M.....			born IN.....	1833

Two items in this census report gives us the connecting facts to make this our Phillip and Sarah family. 1. Cynthia A. Moore is in this family and the right age and the right place.

2. Enos Moore, brother of Philip, is living with them, just as his father's probate papers stated. This makes Philip or Phillip the son of John Moore who died about 1840.

And we can connect John to Phillip and Jemima because William Robey said their "John" was the John who died in Muncie, Indiana, in 1840.
.....

Notes

From Indiana State Library Genealogy Division, Indiana Marriages through 1850 we find
Sarah McCall m. Philip Moore, Delaware Co., IN, July 6, 1837
Mary McCall m. William M. Williams, Delaware Co., IN, March 14, 1844
Note that this is the pastor who married Phillip and Sarah. Or a son.
William McCall m. Elmira Duncan, Delaware Co., IN, on March 31, 1842

It is possible that these may be brother and sister of Sarah.....about the same age, and married in the same county. These are the only McCalls listed with marriages before 1850 in that county.

.....

As we are working out the McCall family, and believe that Sarah might possibly be the daughter of William McCall and Deliah Moore we find that her siblings were:

John, William, Cynthia Ann, and Solomon B. but do not have a Mary listed. She would have had an Aunt Mary.

Solomon B. married 1. Jane Dunn and 2. Maria M. Moore dau. of Levi.

And note that Sarah named a daughter Cynthia Ann, after her sister??

Family is from Scioto Co., Ohio as is Phillip's family before moving to Indiana.

All on this family is under an "unrelated" Moore family until we have more evidence to hook them up with our Sarah who married Phillip.

If the above family is true.....Sarah's lineage would be:

1. Grandfather McCall, poss. Solomon
 2. William McCall and Delilah Moore
 3. Then Sarah and Phillip
-

Possible death and burial of Sarah McCall Moore could be:

Sarah Moore

Beech Grove Cemetery, Muncie, IN

Born about 1818

Died, December 20, 1869

Age 51 years

She is buried in Lot #920

The cemetery gives this information, but there is no more. Lot #920 is just a number they gave to names they could not identify as to location. Probably all stones had long ago been lost. They knew they were buried there by written records, but nothing left to identify, not even the place of the tombstone so ends up with a #920 identification. Apparently the cemetery put up a building on part of the cemetery and it could be that some of the graves are under this building. But they gave me all they had in the above information so no way to identify this Sarah further. Just know it was in the "old part".

Cynthia's father was Phillip Moore. This is the information in her death certificate:

Died March 17, 1915
Female/white Born, March 22, 1839
Place of death: Cedar Creek Township, Allen Co., IN
Age at death: 75 years, 10 months, 25 days

Duration of illness: 3 days

Coroner: H. G. Erwin

Undertaker: E. E. Carrington, Harlan, IN

Another date of marriage that I found was May 9, 1858. One may be the date of obtaining the license and the other the marriage when more than one date are found.

Also note above the birthplace of the parents is listed as Indiana. That is basically not possible in that part of Indiana which was not settled until 1825-30. They lived most of their lives in Indiana, but were no doubt born in Ohio.

.....
Ralph Diehl adds these facts about Cynthia:

1857 she resided in Allen County, IN

Between 1913 and 1915 resided at Huntertown, IN (Huntertown may just be the PO address and still be out in the country, not actually in town). John and Belle had a Huntertown address, yet lived several miles west of Huntertown itself.

After the death of William, Cynthia lived on the family farm for another two years. She was receiving \$12 a month pension from the Dept. of Interior.

.....
I found the date on the tombstone as possible death in 1916 and not 1915. My photo looks very clearly like 1916. But all including her age indicates that 1915 was correct. Also a difference on the death certificate as it says her birth date was March 22, 1839. According to her age at death April is correct, but that could also be wrong. Tombstones are not always correct. Sometimes the stones are put up years later or the children make mistakes.

I need to add also that it may be that Cynthia A. was named for her mother's sister who was named Cynthia Ann McCall. All that hinges on if we have the correct McCall family as her parents and siblings. So far we cannot be sure.

Notes

William C. Hollopeter was in Company C, 88th

Regiment of the Indiana Volunteer Infantry and was made a Captain during the Civil War.

From the History of Cedar Creek County: CAPT. WILLIAM C. HOLLOPETER is a son of Rev. Andrew Hollopeter, who was a native of Pennsylvania and a minister of the Gospel in the Methodist Episcopal Church for nearly fifty years. His mother's maiden name was Catherine Edmonds, Ohio being her native state.

William C. was the eldest of seven children, three yet living in Allen County and one, a sister, living in DeKalb County of this state. A brother, still living in this county, was a veteran soldier in the Eleventh Indiana Volunteer Infantry during the late war. The subject of our sketch was born in Wayne County, Ohio, August 24, 1833. In youth he had moderate opportunities, only, for acquiring an education. He improved well such opportunities, however, thus preparing himself to act a practice part in life's dealings. His father, with family, removed from Ohio to this county in March 1847, making a choice of settling in Cedar Creek Township. Farming was their pursuit, and William C. continued with his parents, aiding at this vocation, until the summer of 1854 when he became of age. (from 1880 History of Allen Co.)

For a period forward from that time, in the struggle for self-maintenance, he directed his energies alternately at teaching a district school during the winters and at farming during the summers. He was joined in marriage, May 18, 1858 with Miss Cynthia A. Moore, of Allen County. She was a native of Delaware County, Indiana, born April 22, 1839. Seven children have been the fruits of this marriage, six of them still living viz: Milton R. (deceased), Charles McPherson, Ophelia May, Walter M.M., Ellen Gertrude, Rosa Belle and Herbert Salon.

A patriot to his country, on August 28, 1862, to help maintain the Stars and Stripes, he enlisted as a private soldier in Company C, 88th Regiment Indiana Volunteer Infantry. At the organization of the company, he was appointed Corporal, on February 18, 1863 he was advanced to First Lieutenant of his company, and on October 24, following, was commissioned as Captain. He was with his company and regiment during their entire service, the same being attached to the Army of the Cumberland. He was in seventeen distinct engagements and received two severe wounds; fought under Generals Rosecranz and Thomas, and participated in Sherman's march to the sea. Remaining in the service til after the surrender, until the old flag was again unfurled to every state and every people of our broad Union (without dispute). Captain Hollopeter received his discharge at Washington D.C., June 7, 1865. Following his discharge, he immediately returned to the bosom of his family and to the quiet avocations of civil life in Cedar Creek Township. Religiously he has been an exemplary member of the Methodist Episcopal Church since the age of 16 and his estimable wife since a young girl of nine years. Has ever been a stanch friend of temperance. In politics, a firm Republican, yet not an aspirant for political honors. For the past fifteen years has belonged to the Order of A. F. & A.M. He is an industrious, good citizen, one whose influence for the right is ever felt. Is an ever willing advocate and supporter of that which elevates while he is just as ready and anxious to repudiate and defeat that which debases. Within the large circle of his acquaintance he is universally esteemed.

A short paragraph about William from "Country Folks", a history of the Grabill, Cedarville, Leo area, found on page 12 says:

Captain William G. (possible mistake) Hollopeter, son of Rev. Andrew Hollopeter, is called a patriot for his country. A staunch Republican he was referred to as "an ever willing advocate and supporter of that which elevates, while he is just as ready and anxious to repudiate and defeat that which debases."
.....

In a description of Cedar Creek Township it tells of two lakes in the northwestern part of the county, "one of them known as Viberg's and the other known as Hollopeter's". According to the map Hollopeter Lake was on William C. Hollopeter's land. 1880 map shows W.C. on Section 7, North west quarter of Cedar Creek township.
.....

From the Valley of the Upper Maumee....."When Captain Hollopeter came to Indiana the family settled on the old homestead where there was about five acres cleared."

He was a school teacher in winters and farmer in summers between 1854 and 1862. He graduated about 1858 in Methodist College at Fort Wayne.....R. Diehl

"He previously taught one term of school and taught four terms after attending college".....Upper M

He served in the military between 1862 and 1865 in Co. C. 88th Indiana Vol. Inf. His personal description in 1862 was as follows: "Height, 6 feet 1 inch, complexion, fair; color of eyes, gray; color of hair, auburn, and that his occupation was farmer.".....R. Diehl

Discharged from military "for disability from wounds".....from final muster roll

From Valley of the Upper Maumee....."In 1862 he enlisted in Co. C. 88th Ind. Vol. Inf, as a private, was appointed second corporal same month, and on December 26, 1862, was promoted fourth sergeant, April 1863, was elected first lieutenant, and Nov. 24, 1863, was promoted Captain. He was honorably discharged June 7, 1865, at Indianapolis. He was with Sherman in his celebrated march to the sea, was wounded at Mission Ridge, and at Bentonville, N.C."

Signed an oath of Allegiance after becoming First Lieutenant at Murfreesboro, Tennessee, May 1863.....Oath found in R. Diehl's booklet on the Descendants of Capt. William Curtis Hollopeter.

Missionary Ridge injury by John Jones: "I was Sergeant of Co. C 88 Regt Ind. Vol. Inf. in the battle of Chattanooga, the charge on Mission Ridge. Capt. Hollopeter was wounded by gun shot in his head over the left eye. I saw him when he was struck with the ball and saw him fall. I went to him at once and he said tell Mulissa I died a soldier. (Wonder if Mulissa was a nickname for Cynthia?)

I took him to the hospital and left him there in charge of the surgeon. Five days after, I called and saw him and found him suffering severely with _____ in his head, so badly that his eyes were both swollen shut and he was unable to distinguish us only by voice, he could not see any one.

I know he has been a sufferer from the effects of his wounds and have heard him often complain of his head ever since, have met him as often as once or twice a year since our discharge."

Describes it again in 1893....."I do know that at the Battle of Missionary Ridge on or about the 25th day of November, 1863, he was injured by a gunshot ball in the head near the part of the hair and I caught him as he fell and took a handkerchief from his pocket and bound up the wound. I then placed him behind a large stone for protection and was then shortly ordered by the Colonel to take him to the rear which I did and finally got into a hospital. I was acting orderly of the company at the time Capt. Hollopeter was wounded."

William submitted the following request in his own handwriting on December 23, 1863....."Sir, I have the honor to make application for a leave of absence for the period of 10 days on account of physical disability as for Surgeon's certificate herein enclosed. I was severely wounded November 25, 1863 at the storming of Missionary Ridge while in command of my company since which time I have been unable for duty and confined to the hospital. I think a short return to my home will greatly hasten my recovery and enable me to return to duty sooner than I otherwise could if I remained. My post office address during my absence will be Leo P.O. Allen Co., Indiana. Signed respectfully your obedient servant, William C. Hollopeter 1st Lt.". He left on Jan. 6, 1864

The surgeon declared concerning William.....I do hereby certify that I have carefully examined this officer and find that he is slowly convalescing from an attack of Emsi _____, caused by taking cold in a scalp wound, the result of injury from a bullet, received in the battle of Missionary Ridge. I further declare my belief that he will not be able to resume his duties in a less period of time." He permitted a 20-day leave of absence to visit home.

From a Fort Wayne doctor....."I certify on honor that I have carefully examined Lieut Wm. C. Hollopeter at home on furlough and find that he is incapable of performing military duty, because of a gunshot wound of the head and that he will not be fit for duty for 20 days for the _____."

He was back on duty February 1864

Second wound was during Sherman's march to the sea. He received a musket ball in the upper third of his right thigh on the 19th of March, 1865 in the line of duty. He requested another 20 days at home. Found on leave April 23, 1865. In June of 1865 he was receiving \$20 a month pension.

In a January 19, 1867 notarized statement to the Pension Dept. William claimed "That he resides in Cedar Creek Township, Allen Co., Indiana, and is a householder therein and that his family consists of himself, wife and 3 children. That on the morning of the 17th day of January his two oldest children went to school a distance about one 1/4 miles from his residence and offiant and his wife and youngest child left home to be absent during the day and was absent until about 4 or 5 o'clock. When they returned and found his house had caught fire and burned up during his absence as aforesaid consuming everything in the house - that all of his paper including his deed of his land, his military discharge and his pension certificate were consumed and entirely destroyed and that he is informed the house took fire about 2 o'clock of said day and was consumed before any person arrived there to save the contents thereof".

The Pension items came from a packet received by Ralph O. Diehl, Waterloo, IN, from the Pension Record from the National Archives under his name.

1860 Census for Allen County, Cedar Creek township.....William C. Hollopeter #377

The date of the marriage was given as May 9, 1858 by Ralph Diehl, where I have May 18, 1858. It may be that the first of those was the date they got their marriage license. Need to check into the source and an 1858 calendar. Also we find that in several places the place of the marriage was listed as Grabill, IN. However we know from the fact that we lived close to there, that the R.R. address of the area was usually Grabill as Leo did not have a post office. So even places far away from Grabill might have such an address. At first I am sure that Leo did have a post office. By the time we lived out there it did not, but our address was Fort Wayne I believe. Or was it Grabill. I will have to do some checking.

Father born IN.....no place of mother's birth

This is interesting as it could appear that Herbert was not of this family. He was born in Ohio and his father was born in Indiana. If this is true, then we do not know where Herbert came from.

Floyd H. Hollopeter.....son, single.....male, 3 months.....born IN.....1880

Two things to note in this census. Cynthia says her parents were born in Ohio, and not Indiana as they were listed on her death certificate. The census would be a first-hand account, where possible one of her children said they were born in IN and was in error. Also to add to this possible Ohio birth is the fact that the Moores did not come to Delaware County, IN, until 1829-30 so Cynthia's father, Phillip, would have to have been born elsewhere. Phillip, son of John, appears to have been born in Scioto County, Ohio, about 1820. The McCall family was also from that area and to be married by 1837, Sarah McCall, would have to have been born several years before the 1830 date of the first settlers to Delaware Co., IN. So I conclude by this that the death certificate of Cynthia is in error about the birthplace of her parents.

Also note that possibly Herbert was not an actual son of William and Cynthia, though they called him a son. Can imagine he could be still be their's and born in Ohio, but when the father was reported as being born in IN, then it doesn't fit. Wm was born in Ohio. The other option is that the census taker made a few mistakes on recording this, or the transcriber read it wrong. Perhaps it was recorded in the wrong box as I believe that Herbert S. was really their son.

Thomas Moore

Notes

Am adding the information about this Thomas as a possible ancestor to our Phillip Moore who married Sarah McCall. The first Moore that is found in the genealogy of Randall is Phillip, born about 1726 in Maryland. Genealogy states that he was in Washington Co., MD, moved to Fayette Co., PA about 1780 and then on to Scioto Co., Ohio, in 1797.

This Thomas has a son John, who has a Phillip born about 1727 and another son Daniel who was buried in Washington Co., MD so decided to include this, unconnected until I find out more about the Moore family. Perhaps Phillips family also moved to Washington Co., MD

.....

Thomas Moore apparently had property in 1674 called Moore's plains, in Prince George Co., MD

John Moore

Notes

Somerset is across the bay from Prince George Co., so seems to be a move backward, but perhaps others of the family might have been there. Will see if we can connect them some day.

June Taylor genealogy says John moved 1717 from Somerset, MD to Deleware Bay, and from Deleware Bay to Fredricks Co., MD.

Owned land known as Moore's Industry

John's will 1754 was mentioned in Schraf's History of Western Maryland.
